

Jay Burghart
Chief Operating Officer

I am proud to serve as Chief Operating Officer for The Doctors Clinic. Together with a great team of Clinic Managers, I oversee the day-to-day operations of TDC. We strive to ensure that whether you are visiting one of our PromptCare clinics or our Ambulatory Surgery Center, you will receive comprehensive and compassionate medical care from our exceptional group of physicians and staff.

The Doctors Clinic offers excellent patient care that will span your lifetime. Whether you are an infant or a grandparent, needing to heal a sore throat or more advanced oncology treatment, The Doctors Clinic offers a broad scope of services provided by renowned staff and specialists. And with ten clinic locations throughout Kitsap County, we take pride in being your neighbor. I am honored to be part of an organization that is deeply rooted in the community, and hope that you and your family will experience the high level of care The Doctors Clinic faithfully provides.
