Welcome to the TDC Patient Portal

Connecting you electronically to TDC

We are pleased to announce the introduction of online patient services through our clinic web site. You now have convenient access to our practice:

- From eCare by Location or eCare by Speciality page you can request an appointment, medication renewal and E-mail your physician (non-urgent clinical questions)
- From Billing & Payments page you can pay your bill on-line
- From My Medical Summary page you can access your current active chart

We are excited about our patient portal and hope you will register.

Before you are allowed access to the Patient Portal you are required to sign a PIN authorization/release form which will allow a TDC team member to print your personal PIN letter. (PIN letters are given only to the patient face to face for security purposes)
